

Polocrosse Area Coordinators

Please find below a list of Polocrosse Area coordinators. The Area coordinators can help you organise introductory polocrosse sessions for Branches and Centres that are keen to take up the sport. They can put you in touch with accredited coaches who can come and run training sessions and bring all the necessary equipment with them.

Area coordinators also try to organise open Polocrosse training days and competitions for all Members to attend. So if you are keen to try the sport then please get in touch with your Area coordinator and they should be able to help you.

If there is not currently a nominated Area coordinator for your area or you can't get in touch with them, then please get in touch via polocrosse@pcuk.org or by telephone on 02476 698300.
