# THE PONY CLUB SHOW JUMPING OBJECTIVES

The Pony Club Show Jumping objective is to provide Members with an opportunity to compete against each other and to encourage a high standard of riding.

These Rules cannot provide for every eventuality, and where a situation is not covered by Pony Club Show Jumping rules, it is the duty of officials to resolve the matter arising in a sporting spirit consistent with the intention of these Rules. It is the competitors' responsibility to ensure that they comply with Pony Club Show Jumping Rules.

The term "District Commissioner" includes "Centre Proprietor", "Branch" includes "Centre" and "horse" includes "pony".

*"As a Member of The Pony Club, I stand for the best in sportsmanship as well as in horsemanship.*

*I shall compete for the enjoyment of the game well played and take winning or losing in my stride, remembering that without good manners and good temper, sport loses its cause for being. I shall at all times treat my horse with [due] consideration."*

## RULES

These Rules are made by the Pony Club Show Jumping Committee in conjunction with other Pony Club Committees.

The Pony Club Office provides administrative support. Queries relating to these rules should be directed to the Show Jumping Chairman at [schairman@pcuk.org](mailto:schairman@pcuk.org) and copied to the Office at [showjumping@pcuk.org](mailto:showjumping@pcuk.org).

## **To be used in conjunction with all General Rules**

Some of these Rules can also be used for Branch/Centre Competitions

Each Pony Club Area shall organise a qualifying competition in the summer.

Branches/Centres shall compete within their own Areas. **In the event of a genuine reason why a Member cannot compete at their own Area Competition at PC90 and above, they may apply to their DC/Centre Proprietor to compete out of Area clearly stating the reasons why. **a) Area and Championship Team Competitions**

- i. First Round – the whole team to jump in succession.
- ii. Second Round – the whole team will jump in succession, teams with the highest total faults (best three) will jump first. Teams on total zero score will jump last. This is optional for Area Competitions and the Novice Championships. Should weather or ground conditions demand this may be changed on the day.

**b) Turnout Competitors** should be judged in the same order as they compete in the first round.

## **8. METHOD OF JUDGING – TEAM COMPETITION**

Only in exceptional circumstances and with the express permission of the Chairman of Show Jumping will a change of format/competition be considered at Area Competitions.

### **PC110, PC100, PC90, PC80 and PC70 Championships**

**a)** This is a two-round competition.

The Total of the best three scores to count in each round. That total is carried forward to the second round. The highest score is discarded in each round and may or may not be the scores of the same competitor.

**b)** If a team is eliminated in the first round any member not eliminated will be allowed to jump in the second round. If a team member is eliminated in the first round he/she may jump again in the second round, provided the Team has not been eliminated, and is eligible to count.

### **PC110, PC100 and PC90**

**c)** In the event of equality for first place at the Championships or qualifying places at Area Competitions, there shall be one jump-off against the clock and there will be a draw for the order of jumping. All Members of the team must jump-off. The first member of each team in the jump-off will jump first followed by the second and so on. The whole team jumps irrespective of previous faults or eliminations and the best three in each team count. If their jumping faults are equal, their aggregate times decide. Regional Championship Area Competitions may also be run in this way OR:

**For PC80 only:** at Area level and at the discretion of the organisers the

second round may be run as a single phase. Each competitor's score for the second round will be the total of their faults from both phases of the second round. In the event of equality for first place or qualifying places the time taken in the second phase of the second round will be used to decide the results and there will not be a jump off. If this method is used then any ties for minor placings will also be decided by the time taken in the second phase of the second round.

**PC70 only:** the format is at the discretion of the organisers. It may be held as a two round competition as in rule 8a), or with the second round as a single phase (as above for PC80), or under Table A7.

**d)** The aggregate times will be taken of the best three of all teams in the second round, so that any minor placings remaining after the jump-off are filled without the need of a further jump-off.

**e)** If a team has four members, all four must jump in both rounds to qualify the whole team for the jump-off – i.e. any member of that team not started in both rounds may not jump in the jump-off.

**f)** If a competitor is in a qualifying position for both their team and an individual place they will only jump off once.

**Championships** – In the event of an invited or International Team being the clear winner and there being two or more National Teams tying for second place, there will be a jump-off against the clock between one nominated member of each team involved to find the National Champions.

## **9. METHOD OF JUDGING – INDIVIDUAL COMPETITION PC110, PC100, PC90 and Regional Championships**

Only in exceptional circumstances and with the express permission of the Chairman of Show Jumping will a change of format/competition be considered at Area Competitions.

**a)** At the Area qualifiers **and Championships** for every level and at the Regional Championships, the scores for all competitors in the Team Competitions automatically count for this competition. **Branches/Centres may enter both Teams and Individuals.** The individual competitors who are NOT in a team will jump their round after the Team Members have jumped. Faults from the first round will be carried forward to the second round. **At the Championships** if there is no clear winner those competitors placed equal-first after the two rounds will qualify for the jump-off which will be against the clock.

b) In the event of there also being equality after the second round for a team qualifying place, the teams will jump-off first followed by any other team member and/or individual who according to faults over the two rounds is placed first equal in the individual competition.

All qualifying places will be decided by total faults in the two rounds or if necessary by time and faults in the jump off. In the event of a tie for non-qualifying places time in the second round will decide.

Note: If a competitor is in a qualifying position for both their team and an individual place they will only jump off once.

**c) Both first and second rounds will be jumped in the same drawn order. A new order will be drawn for any jump offs.**

The course must be designed and built by a BS Panel Course Designer who must be present on the day of competition. For the Regional Championships qualifier the designer must be BS level one or above, for PC90, PC100, and PC110 qualifiers they must be Level two or above. Any deviation from this must be approved by the Chairman of Show Jumping. It is preferable to have a dedicated Course designer for each ring but if the Designer agrees to officiate in more than one ring it is essential that another suitably experienced person is in charge of maintaining and repairing the course in each ring at all times.

Make sure the Course Designer is sent a copy of these Rules.

**IT IS IMPORTANT THAT ONLY JUMPS OF BS STANDARD ARE USED – and don't forget to order your water tray.**

### **a) TIMING**

If possible, electronic timing should be used. If this is not available, two timekeepers with stop watches must be used, and there should be someone at the start and finish to signal when each competitor crosses the line. If the timing equipment permits, the 45-second count-down may be used according to British Show Jumping Rules. It should however be explained over the public address before starting and at intervals during the first round.

### **b) JUDGES**

#### **Regional Championships Qualifiers**

The Organiser will appoint judges as follows:

One BS Judge (Level 2 or above) per ring and at least one but preferably two suitably experienced assistants to support the judge by writing or commentating or one BS Level 1 Judge and one BS Trainee Judge or above and an assistant. Any deviations from this must be approved by the Show Jumping Chairman.

At PC110, PC100, PC90 (Area and Championships) and the Regional Championship (Finals) the Organiser shall appoint a minimum of Two British Show Jumping Judges per ring, of whom one may be a BS level one Judge but at least one must be Level 2 or above. It is strongly recommended

that a suitably experienced writer or commentator is also appointed.

In cases where sufficient BS Level Two Judges are not available, deviations from this minimum level will be considered but must be approved by the Show Jumping Chairman.

If a water jump is used with 1 or no poles, an additional British Show Jumping Judge will be needed to stand by the jump. All Judges shall be sent copies of these Rules.

**c) THE RING:** It is recommended that the minimum size of an outdoor Arena is 74m x 55m (80yds x 60yds)

A full set of British Show Jumping Fences will probably have enough material to build a course according to the requirements of these rules. When the fences have arrived at the venue check that there is sufficient and adequate equipment.

Extra 'Dressing' (greenery, trees, flowers, etc.) should be provided so that the course-builder can build an attractive and inviting course.

**d) THE COURSE:** The length of the course should not exceed 450m.

Water trays are not to be used.

# PART II – GENERAL RULES FOR PONY CLUB SHOW JUMPING

Except where varied in this Rule Book, all Pony Club Show Jumping Competitions shall be judged under British Show Jumping Rules, copies of which may be obtained from British Show Jumping (02476 698800). Where the same matter is covered by both British Show Jumping and Pony Club rules, then The Pony Club rule shall take precedence.

## **14. AGE**

Unless specified otherwise in the schedule all Members are eligible to compete in any Pony Club Team or Individual Show Jumping competitions. See rule 1 for Eligibility to compete at Area Competitions and the Championships.

## **15. HORSES**

- a) No horse under 5 years of age is eligible. A horse or pony shall be deemed to reach the age of 1 on the 1st January following the date on which it is foaled and shall be deemed to become a year older on each successive 1st January.
- b) There is no height limit.
- c) Stallions can only be ridden by Members if they have obtained written permission from their District Commissioner and in the interests of safety, must wear identifying discs on their bridle.

## **VACCINATIONS**

A valid passport and vaccination record:

- ▶ must accompany the horse/pony to all events
- ▶ must be available for inspection by the event officials
- ▶ must be produced on request at any other time during the event

All ponies/horses must be compliant with the current Pony Club minimum vaccination requirements - please see the website for the current rule.

Note: Events that are held at other venues may be subject to additional specific rules. For example, any horse/pony entering a Licensed Racecourse Property must comply with the Vaccination requirements as set by the British Horseracing Authority. Similar restrictions apply in the cases of certain polo venues. If you are intending to compete under FEI Rules you

will need to ensure you are compliant with those Rules.

## 16. DRESS

New equipment is not expected, but what is worn must be clean, neat, tidy, and safe. It is the competitor's responsibility to ensure their dress complies with the rules. Contravention may incur disqualification. Apart from Cross Country colours and silks, brightly coloured accessories must not be worn.

### a) Hats and Hair

**Hair:** Must be tied back securely, in a safe manner to reduce the risk of hair being caught and to prevent scalp injuries. Hair nets are strongly recommended for long hair.

**Hats:** Members must always wear a protective hat when mounted. Only hats to the following specifications are acceptable at any Pony Club activity. The Pony Club is consistent with fellow BEF (British Equestrian) Member bodies in its Standards for Riding Hats. Individual sports may have additional requirements with regard to colour and type. It is strongly recommended that secondhand hats are not purchased.

**The hat standards accepted as of 1st January 2024 are detailed in the table below:**

Hat Standard	Safety Mark
Snell E2016 & 2021 with the official Snell label and number	
PAS 015: 2011 with BSI Kitemark or Inspec IC Mark	
(BS) EN 1384:2023 with BSI Kitemark or Inspec IC Mark	
VG1 with BSI Kitemark or Inspec IC Mark	
ASTM-F1163 2015 & 2023 with the SEI mark	

Note: Some hats are dual-badged with different standards. If a hat contains at least one compliant hat standard it is deemed suitable to competition, even if it is additionally labelled with an older standard.

- ▶ For cross-country riding (**at all levels**) including Eventing, Arena Eventing, Tetrathlon and Hunter Trials, together with Pony Racing (whether it be tests, rallies, competition or training) and Mounted Games competitions, a jockey skull cap must be worn with no fixed peak, peak type extensions or noticeable protuberances above the eyes or to the front, and should have an even round or elliptical shape with a smooth or slightly abrasive surface, having no peak or peak type extensions. Noticeable protuberances above the eyes or to the front not greater than 5mm, smooth and rounded in nature are permitted. A removable hat cover with a light flexible peak may be used if required.
- ▶ No recording device is permitted (e.g. hat cameras) as they may have a negative effect on the performance of the hat in the event of a fall.
- ▶ The fit of the hat and the adjustment of the harness are as crucial as the quality. Members are advised to try several makes to find the best fit. The hat should not move on the head when the head is tipped forward. The Pony Club recommends you visit a qualified BETA (British Equestrian Trade Association) fitter.
- ▶ Hats must be replaced after a severe impact as subsequent protection will be significantly reduced. Hats deteriorate with age and should be replaced after three to five years depending upon the amount of use.
- ▶ Hats must be worn at all times (including at prize-giving) when mounted with a chinstrap fastened and adjusted so as to prevent movement of the hat in the event of a fall.
- ▶ For Show Jumping: hat covers, if applicable, shall be dark blue, black or brown only. Branch/Centre team colours are permitted for team competitions.
- ▶ For Dressage: hats and hat covers must be predominately black, navy blue or a conservative dark colour that matches the rider's jacket for Area competitions or above. The Pony Club Hat silk is also acceptable.
- ▶ For Mounted Games: hat covers, if applicable, shall be dark blue, black

or brown only.

- ▶ The Official Steward / Organiser may, at their discretion, eliminate a competitor riding in the area of the competition without a hat or with the chinstrap unfastened or with a hat that does not comply with these standards.

## Hat Checks and Tagging

The Pony Club and its Branches and Centres will appoint Officials, who are familiar with The Pony Club hat rule, to carry out hat checks and tag each hat that complies with the requirements set out in the hat rule with an Pony Club hat tag. Hats fitted with a Pony Club, British Eventing (BE) or British Riding Club (BRC) hat tag will not need to be checked on subsequent occasions. However, the Pony Club reserves the right to randomly spot check any hat regardless of whether it is already tagged.

**Tagging is an external verification of the internal label and indicates that a hat meets the accepted standards. The tag does NOT imply any check of the fit and condition of the hat has been undertaken.** It is considered to be the responsibility of the Member's parent(s) / guardian(s) to ensure that their hat complies with the required standards and is tagged before they go to any Pony Club event. Also, they are responsible for ensuring that the manufacturer's guidelines with regard to fit and replacement are followed.

For further information on hat standards, testing and fitting, please refer to the British Equestrian Trade Association (BETA) website: [British Equestrian Trade Association - Safety and your head \(beta-uk.org\)](http://British Equestrian Trade Association - Safety and your head (beta-uk.org))

### b) Body Protectors

A body protector is compulsory for **all** Pony Club Cross Country riding (including Arena Eventing) and Pony Racing activities whether it be training or competition. A body protector for these activities must meet BETA 2018 Level 3 Standard (blue and black label).

For general use, the responsibility for choosing body protectors and the decision as to their use must rest with Members and their parents. It is recommended that a rider's body protector should not be more than 2% of their body weight. When worn, body protectors must fit correctly, be comfortable and must not restrict movement. BETA recommends body protectors are replaced at least every three to five years, after which the impact absorption properties of the foam may have started

to decline.

## **Air Jackets**

If a rider chooses to wear an air jacket in Cross country or Pony Racing, it must only be used in addition with a normal body protector which meets BETA 2018 Level 3 standard (blue and black label). Parents and Members must be aware that riders may be permitted to continue after a fall in both competitions and training rides for Cross Country and / or Pony Racing if the First Aid provider has no concerns about their welfare. In the event of a fall, an air jacket must be fully deflated or removed before continuing, the conventional body protector must continue to be worn. Air jackets must not be worn under a jacket. Number bibs should be fitted over the air jacket loosely or with elasticised fastenings.

**c) Jackets:** Traditional jackets must be worn with a Pony Club tie or hunting stock. A traditional jacket is one with collar, sleeves and buttons down the front. It is permitted to wear a Pony Club stock with any jacket. Jackets must be worn for the duration of the course. Jackets may be removed during warming up, provided the competitor is wearing a shirt that at a minimum covers the shoulders. Competitor numbers should be worn at all times. During hot weather the Judges may give permission for competitors to ride without jackets, but shirts must cover the shoulders.

**d) Pony Club Badge:** The official metal membership badge should be worn on the left lapel of the rider's jacket.

**e) Jodhpurs/Breeches:** must be white, fawn, beige, canary **or light grey** in colour. **Dark-coloured contrast seats are permitted.**

**f) Footwear:** Only standard riding or jodhpur boots with a well-defined square cut heel may be worn. Plain black or brown half chaps may be worn with jodhpur boots of the same colour. Tassels and fringes are not allowed. No other footwear will be permitted, including wellington boots, yard boots, country boots, "muckers" or trainers. Boots with interlocking treads are not permitted, nor are the boots or treads individually.

Stirrups should be of the correct size to suit the rider's boots (see the Stirrup rule). Laces on boots must be taped for Mounted Games only.

**g) Spurs:** May be worn at Rallies and other events. Any misuse of spurs will be reported to the DC/Centre Proprietor, Area Representative and Training Chairman, any reported riders will be recorded and monitored. Sharp spurs are not permitted. Only blunt spurs, without rowels or sharp edges, and spurs that have a smooth rotating ball on the shank may be worn. If the spurs are curved, the curve must be downwards and the

shank must point straight to the back and not exceed 4cm in length. The measurement is taken from the boot to the end of the shank.

- ▶ Spurs must only be used to enhance the normal leg aids and allow for better communication from rider to horse.
- ▶ Spurs must never be used to vent a competitor's anger or to reprimand the horse.
- ▶ Use of the spurs which causes injury e.g. blood, broken skin or a weal, is always classed as misuse.
- ▶ Misuse of the spurs anywhere at the event will result in disqualification.

**h) Whips:** Riders may not use their whip before the start of the course and may be eliminated for doing so at the Judge's discretion.

A whip, if carried, must be held in the hand by the handle with the handle at the top. The whip must be "padded" and comply with the current British Showjumping rule (BS Members Handbook, full wording is available to view online at [www.britishshowjumping.co.uk](http://www.britishshowjumping.co.uk)).

The key points of that rule are as follows:

- ▶ The maximum length of the "Whip" is 70cm and must be no less than 45cm.
- ▶ The "Contact area", is considered to be 2/5's (two fifths) of the overall length of the "Whip" and must be covered with a "Pad".
- ▶ There must be no "binding" within 17 centimetres of the end of the "Pad".
- ▶ The "Pad" must be smooth, with no protrusion or raised surface, and be made of shock absorbing material throughout its circumference such that it gives a compression factor of at least 6mm.
- ▶ There is to be no wording, advertising or personalisation of any kind on the "Pad".

Before buying any whip, please check with the retailer that it is BS compliant. Carrying a whip which does not meet with the specification above may result in elimination at the judge's discretion. At Championship level elimination is mandatory.

At all times, the whip must only be used:

- ▶ For a good reason, as an aid to encourage the horse forward.
- ▶ At an appropriate time, namely when the horse is reluctant to go forward under normal aids of seat and legs.
- ▶ In the right place, namely down the shoulder or behind the leg but never overarm.
- ▶ With appropriate severity.

- ▶ Maximum of three times after entering the arena. For the purposes of this rule, use of the whip is defined as when the rider takes his/her hand off the reins to use the whip.
- ▶ Repeated slapping down the shoulder is discouraged and may result in disqualification.

Excessive use of the whip anywhere at the event will result in elimination of the rider from any competition which has already taken place and disqualification of the rider from competing for the rest of the day:

- ▶ Use of the whip to vent a competitor's anger is always excessive.
- ▶ Use of a whip which causes injury e.g. Broken skin or a weal, is always excessive.
- ▶ Use after elimination or retirement is always excessive.
- ▶ Use on a horse's head, neck etc. is always excessive.
- ▶ Using the whip from the ground after a rider fall or dismount is always excessive.
- ▶ If the rider's arm comes above the shoulder when using the whip, this is always excessive.

**i) Jewellery:** the wearing of any sort of jewellery when handling or riding a horse/pony is not recommended and if done at any Pony Club activity, is done at the risk of the member/their parent/guardian. However, to stop any risk of injury, necklaces and bracelets (other than medical bracelets) must be removed, as must larger and more pendulous pieces of jewellery (including those attached to piercings) which create a risk of injury to the body part through which they are secured. For the avoidance of doubt a wristwatch, wedding ring, stock pin worn horizontally and/or a tie clip are permitted. It is recommended that stock pins are removed for cross country.

**j) Electronic devices:** (i.e. headphones etc. enabling another person to communicate with the rider) are not allowed whilst the rider is competing. No recording device is permitted (e.g., head/bridle cameras etc.).

**k) Riders' Legs:** Neither the feet nor the stirrup leathers or irons may be attached to the girth, nor the feet attached to the stirrup irons.

**l)** While walking the course and when dismounted in the collecting ring, competitors must be tidily dressed but not necessarily in riding clothes.

**m) Prize giving:** Mounted or dismounted, competitors must be correctly dressed in their competition riding clothes. Only tack that falls within the rules of the competition will be allowed.

## 17. SADDLERY AND EQUIPMENT

New equipment is not expected, but what is worn must be clean, neat and tidy.

It is the competitors' responsibility to ensure that their tack is in accordance with the rules and that they present themselves for inspection.

Any competitor who presents to compete in the wrong saddlery/equipment will not be allowed to compete until they decide to re-present in the correct saddlery/equipment.

Any competitor who then changes their tack after the tack inspection will be disqualified from the competition. The Official Steward has absolute discretion to forbid the use of any bit, gadget, spur, or boot which they consider cruel or misused.

Any misuse of a bit/bridle will be reported to the DC/Centre Proprietor, Area Representative and Training Chairman. Any reported riders will be recorded and monitored.

Any equipment not covered in these Rules must be referred at least two weeks in advance of the competition to The Pony Club Office to allow time for the Chairman of the Show Jumping Committee to be consulted. All tack must be correctly fitted. Riders needing special equipment are welcome to apply to The Pony Club Office under the Reasonable Adjustment Policy.

**a) Saddles:** Type optional.

**b) Numnahs / Saddle Cloths:** Any solid colour is permitted. Contrasting piping is permitted. Branch/Centre logos are allowed when competing for the Branch/Centre; logos must not exceed 200 sq. cm. This does not preclude the wearing of clothing for horses or riders that has been presented by sponsors of the Championships in the current or previous years.

**c) Stirrups:** Stirrups should be of the correct size to suit the rider's boots. They must have 7mm ( $\frac{1}{4}$ " ) clearance on either side of the boot. To find this measurement, tack checkers should move the foot across to one side of the stirrup, with the widest part of the foot on the tread. From the side of the boot to the edge of the stirrup should not be less than 14mm.

There are now many types of stirrups marketed as 'safety stirrups'. All riders must ensure that their stirrups are suitable for the type of footwear they are wearing and the activities in which they are taking part and that the stirrup leathers are in good condition.

There are no prescribed weight limits on metal stirrups, however with the advent of stirrups of other materials, weight limits are frequently given by manufacturers. Any person buying these stirrups, should comply with weight limits defined on the box or attached information leaflets. Neither the feet nor the stirrup leathers or irons, may be attached to the girth, nor the feet attached to the stirrup irons.

It is strongly recommended that the design of the stirrup chosen allows the foot to be released easily in the event of a rider fall. Specific rules for individual sports can be found in the respective sports rulebooks.

Particular focus should be on ensuring that the boot and stirrup are the correct size for the rider taking part and used in line with the manufacturer's guidance.

For the avoidance of doubt, at Pony Club events:

- ▶ stirrups which connect the boot and the stirrup magnetically are not allowed
- ▶ interlocking boot soles and stirrup treads are not allowed

**d)        **Bridles:**** For safety reasons leather bridles are recommended. The Micklem Multibridle and bitless bridles are permitted.

**e)        **Reins:**** Market Harboroughs and running, draw or check reins of any kind are forbidden. (A running, draw or check rein is one which is attached to the saddle, girth, martingale or breast plate on the horse).

**f)        **Martingales:**** The only martingales permitted are Irish, Standing, Running or Bib only one of which may be worn at the same time. Standing Martingales may be attached only to the cavesson portion of the noseband fitted above the bit.

**g)        **Nosebands:**** Only one may be worn unless using a Standing Martingale with a combination, kinton, drop noseband or similar in which case the addition of a cavesson is allowed. Nosebands must be correctly fitted and should not cause discomfort. Nosebands must not incorporate chain or rope except that Myler combination bits and other similar bit designs that incorporate a rope nosepiece are permitted. Sheepskin nosebands are permitted.

**h)        **Grass and Balanced Support Reins:****

Grass reins and balanced support reins are permitted at Pony Club rallies and competitions jumping up to 50cm or Walk and Trot Tests.

- ▶ Only those grass reins shown in diagrams 1, 2 and 5 are permitted.

- ▶ Grass reins must be fitted to allow and not restrict the normal head position of the pony. The rein length must be sufficient to allow the pony to stretch over a small fence.
- ▶ Grass reins may be leather or synthetic material, if synthetic then a break point of leather or other suitable material must be included.

**i) Fly hoods, nose nets and ear covers** are permitted for all competitions and may also provide noise reduction. The ear cover/fly fringe must not cover the horse's eyes.

Ear plugs are not permitted, and spot checks may be carried out.

Nose nets are permitted. Nose nets must cover the nose only, leaving the mouth and bit visible.

**j) Blinkers:** Are prohibited except leather and sheepskin attachments on the cheek pieces of the bridle are allowed providing the material does not exceed 3cm in diameter measured from the horse's face.

**k) Bits:** Pelhams must be used with two reins or roundings. Weymouth bits must only be used as part of a double bridle.

**l) Bit guards:** Only entirely rubber and smooth on both sides are permitted.

**m) Protective boots for horses:**

- i.** The total maximum weight of equipment allowed to be added to a horse's leg; front or hind (single or multiple boots, fetlock rings, etc) is 500g.
- ii.** The inside of the boot must be smooth, that is, the surface must be even and there may not be any pressure points on the inside of the boot; for the avoidance of doubt, stitching on the inside of the protective element that attaches the inner lining to the boot, is permitted.
- iii.** Sheepskin linings are allowed.

**n)** On the **hind leg** the following are permitted provided they comply with rule (m) above:

- i.** Brushing type boots that cover the fetlock and cannon bone which are made from Neoprene, leather or other similar soft material, provided that the boot contains no rigid inserts.
- ii.** Ankle or fetlock type boots that have a maximum interior length of 16cm and a minimum exterior width of 5cm. Hind boots that have an extra flap for protection should be allowed providing the flap is soft and clearly intended for protection only.
- iii.** Boots that have a protective element on the inside and outside, that is, double-shell boots that wrap around the back of the fetlock, are permitted providing they meet the following criteria:
  - ▶ The boot must have a maximum length of 20cm.
  - ▶ The rounded protective part of the boot must be placed around the fetlock.
  - ▶ The inside of the boot must be smooth, that is, the surface must be even and there may not be any pressure points on the inside of the boot; for the avoidance of doubt, stitching on the inside of the protective element that attaches the inner lining to the boot, is permitted.
  - ▶ Sheepskin linings are allowed.
  - ▶ The boot must have two elastic fasteners with a minimum width of 2.5cm each.
  - ▶ Only the following types of fasteners are permitted:

- ▶ Stud-type fasteners: straps with holes at the end that fit over a stud; Hook-and-eye type fasteners: straps with a hook at the end that fits into an “eyelet”.
  - ▶ Fasteners must be one-directional, that is, the fastener must be attached directly from one side of the boot to the other side and may not wrap around the entire boot; no mechanism permitting the fastener to double back on itself is permitted.
  - ▶ No additional elements may be added to or inserted in the boot itself.
- iv.** Fetlock rings may be used in addition for protective purposes providing they are properly adjusted and providing the total weight of equipment on the horse’s leg does not exceed 500g.
- o)      **The following are NOT allowed/permited:****
- ▶ The use of string, twine or cord in or round the horse’s mouth is forbidden.
  - ▶ Ernest Dillon reins, Split reins and Bridge reins.
  - ▶ Tongue Straps and Tongue Grids.
  - ▶ Weighted Boots.
  - ▶ Humane Girths (having non-independent straps that will loosen if one of the straps were to break)
  - ▶ Hoof Boots

Any unusual decoration of the horse with unnatural things, such as ribbons, flowers, glitter etc. in the mane/tail or applied to the coat is forbidden. Red bows in the tail are permitted for horses that kick.

Saddlery and equipment used during a Tack and Turnout Competition must be the same as that worn throughout the competition, except by permission of the Official Steward/Organiser.

The Official Steward has absolute discretion to forbid the use of any bit, gadget or spur which they consider cruel.

Competitors using saddlery and gadgets that are not allowed in the competition will be eliminated

## **18.      **ELIGIBILITY – General****

No Member may ride more than 3 horses or ponies in the same class/competition. This rule applies equally to second round and final competitions for which horses and/or riders have qualified from a previous

competition. Different rules apply at Summer Area Competitions

(See Rule 1).

## **19. ACTION AFTER A FALL**

Any competitor who has a fall or sustains a serious injury anywhere at the competition site must see the medical personnel on the day and be passed fit to ride before riding that horse in a further test or before riding any other horse.

## **20. HEAD INJURY AND CONCUSSION**

There are strict procedures around the response to concussion.

### **a) General Advice**

Head injuries and concussion can be life changing and fatal. Serious head injuries are usually obvious, but concussion can be very subtle. It may not be immediately apparent but should be taken very seriously.

Members may be asked not to ride by an Official (including a first aider) who believes they may have sustained a concussion either at the time of injury or from a previous injury (which may not have been sustained whilst riding). Concussion is difficult to diagnose, and practitioners of all grades must err on the side of caution. Thus, any decision must be respected, and professional medical support is advised to avoid further harm. Ignoring an official's advice about concussion would breach the Pony Club's Code of Conduct.

### **b) Accidents that could cause head injuries or concussion**

Any Member who suffers an incident that could cause head injury or concussion at a Pony Club activity (for example, a fall from their horse/pony) should be assessed by the first aid provider in attendance.

Dependent on the level of first aid cover, the exact process of diagnosing will vary depending/based on whether the Member has suffered:

- ▶ No head injury/concussion
- ▶ Suspected head injury/concussion
- ▶ Confirmed head injury/concussion

The process for diagnosing each option is talked through in more detail below.

From the assessment being carried out it may be immediately obvious that

there is no cause for concern. Reasonable care should be taken to ensure Members have not sustained a serious head injury or concussion.

### **c) Unconsciousness**

If a Member is unconscious following an incident they should be treated as if they are suffering with a confirmed concussion and the steps in point vii should be followed.

### **d) Who can diagnose head injury or concussion?**

Diagnosis of a head injury or concussion can be carried out by Trained First Aiders, Qualified First Aiders or Medical Professionals officiating at a Pony Club activity. If there is any doubt as to the diagnosis, the Member should see the highest level of first aid cover that is present, and they should make the diagnosis. If unable to reach a definite diagnosis or the first aider is the highest level of cover at the activity, then the Member should be referred to a hospital or a doctor off site for a professional diagnosis.

The member must not ride again until they have been seen by a doctor/hospital.

### **e) Actions to be taken in the event of a suspected head injury or suspected concussion diagnosis**

If a diagnosis of a suspected head injury or concussion is made by a first aider, the parents/guardians should be advised to take the member to hospital.

Any Member who has been diagnosed with a suspected or confirmed head injury/concussion should not be left alone and must be returned to the care of their parents/guardians where appropriate.

If a Member has a suspected head injury/concussion at an activity/competition, organisers should inform the DC/Proprietor to ensure that the rider follows these guidelines.

Once a diagnosis of suspected head injury or concussion is made by the first aid cover present at the activity, then that decision is final. If a Member is advised to see a doctor because of suspected head injury/concussion and the parents/guardians decide not to allow the member to be examined (either at the activity or in hospital), the Member will not be allowed to ride again on the day and should be treated as if they have sustained a confirmed head injury/concussion. Depending on the circumstances, the decision not to allow further examination may be considered a safeguarding issue.

Where a doctor subsequently certifies that a Member does not have or did not suffer a head injury/concussion, and provides evidence that they are satisfied the Member is well enough to continue, that Member will be treated as if they did not sustain a concussion and may continue. Officials will endeavour to assess members in a timely way; however, head injuries can evolve over time, which may lead an official or professional to perform a series of assessments. A Member may miss a phase or part of an event during the assessment process and the Sport Rules for missing that phase or part will apply.

#### **f) Actions to be taken in the event of a confirmed head injury or confirmed concussion**

In the event of a confirmed head injury or confirmed concussion diagnosis, the doctor will advise the Member not to ride or take part in any activity that potentially involves hard contact for three weeks. The member may be advised that they could request a review of any ongoing concussion problems by a doctor (with experience in assessing concussion) after 10 days. If that doctor is happy to certify that the Member is not suffering with a concussion, the Member may ride again. Evidence regarding this decision is required, e.g. in the form of a medical letter. If no evidence is provided, the Member should not take part in any Pony Club activity that involves horses/ponies, whether mounted or unmounted, for at least three weeks after the initial injury.

#### **g) Actions to be taken in the event of a diagnosis of a confirmed or suspected head injuries/concussions outside of Pony Club activities**

Ultimately, it is the parents/guardians responsibility to make a decision about the welfare of their child.

If a Pony Club Official becomes aware that a member has sustained a suspected or confirmed head injury/concussion and has been advised not to take part in any potentially hard contact activities, the Member must not be allowed to take part in any Pony Club activities that involves horses/ponies, whether mounted or unmounted for three weeks, unless appropriate medical evidence of fitness to ride can be provided by parents/guardians dated at least 10 days after the initial injury.

Please see Page 52 for the Head Injury and Concussion Flowchart.

## **21. MEDICAL SUSPENSION**

If a Member has been suspended from taking part in any activity/competition/sport for medical reasons, this suspension must apply to all Pony Club activities until such time the Member is passed fit by a

medical professional to take part. It is the Member and parent/guardian's responsibility to ensure this rule is adhered to.

Medical letters are required, following a suspension for medical reasons, to allow a Member to take part in any activity again. The letter should be issued by either the hospital or specialist(s) involved in treating the injury, where appropriate.

## **22. UNSEEMLY BEHAVIOUR**

Unseemly behaviour on the part of riders, team officials, or team supporters will be reported as soon as possible by the Official to The Pony Club Office. Offenders may be penalised by disqualification of the Branch or Centre concerned for a period up to three years.

Any competitor who in the opinion of the Official Steward, or Organiser, has been extremely rude or aggressive towards any officials at a competition, or who has behaved in an aggressive or unfair manner to their horse may be disqualified.

## **23. PERFORMANCE-ENHANCING DRUGS**

All performance-enhancing drugs are strictly forbidden and The Pony Club supports 100% clean sport.

### **a) Equine – Controlled Medication**

It is essential for the welfare of a horse/pony that appropriate veterinary treatment is given if and when required. Some medication, however, may mask an underlying health problem so horses and ponies should not take part in training or competition when taking such medication and any Therapeutic Use Exemptions (TUE) should be confirmed in writing by a Vet.

For more information, please refer to the Welfare of Horses and Ponies at Pony Club Activities Policy, available on The Pony Club website.

### **b) Human**

Performance-enhancing drugs are forbidden. The Pony Club supports the approach taken by the UK Anti-Doping Agency in providing clean sport. The Pony Club disciplinary procedures would be used in cases where doping may be suspected including reporting to the UK Anti-Doping Agency.

### **c) Testing**

All competitors should be aware that random samples may be taken for testing from both themselves and/or their horse/pony. The protocol used

will be that of the relevant adult discipline.

Competitors and their horses/ponies at national or international level may be subject to blood tests in line with the Sports Council Policy on illegal and prescribed substances. All young people competing at these levels should be made aware of this.

#### **d) Reporting**

i. Anyone who has reasonable grounds for suspecting that a Member is using or selling an illegal substance must report their concerns to the District Commissioner/Centre Proprietor as soon as practicable. If there is an immediate risk to the health, safety or welfare of one or more Members then the Police must be informed as soon as possible. The person reporting their concerns must ensure that any material evidence is retained and should not influence any police investigation.

ii. Upon receiving a report of suspected use or selling of an illegal substance, the District Commissioner/Centre Proprietor should carry out an immediate investigation of the incident and the circumstances in which it occurred, and then decide upon the appropriate action to be taken. This will include:

- ▶ Informing the Member's parents/guardians
- ▶ Informing The Pony Club Area Representative who in turn will inform The Pony Club Office
- ▶ Informing the Police
- ▶ Suspending the Member concerned while investigations are completed
- ▶ Awaiting the completion of Police investigations and actions

#### **e) Disciplinary Action**

The normal disciplinary procedure should be followed in cases relating to alcohol or drugs, which can be found in The Pony Club Handbook.

## **24. DISQUALIFICATION**

The Official Steward or Chief Judge may disqualify a competitor at any stage of the competition for:

- ▶ Dangerous riding.
- ▶ If, in their option, the horse is lame, sick or exhausted.
- ▶ Misuse of whip, spur or bit, or ill-treatment of the horse.
- ▶ Breach of the rules.
- ▶ Unseemly behaviour, including bad language.

## **25. SPONSORSHIP**

In the case of competitors and horses, no form of advertising, and this includes a sponsor's name, may appear on the competitor's or horse's clothing and equipment at any Pony Club competition. This does not preclude the wearing of clothing for horses or riders that has been presented by sponsors of the Championships in the current or previous years. Sponsors at Area Competitions must not be business competitors of the main sponsors of the discipline and must be approved by The Pony Club Office.

Any advertising material that is used by sponsors, whether it be in the form of display banners or programme material, must be tasteful, and not inappropriate to the image of The Pony Club.

## **26. INSURANCE**

The Pony Club 'Public and Products Liability Insurance' Policy includes cover for all the official Area Competitions and the Championships. Details of this insurance are available on The Pony Club website.

In the event of any accident, loss or damage occurring to a third party or to the property of a third party (including the general public and competitors) no liability should be admitted, and full details should be sent at once to The Pony Club Office.

The following statements should be included in all event schedules:

### **Health & Safety**

Organisers of this event have taken reasonable precautions to ensure the health and safety of everyone present. ## **28. GUIDELINES FOR BRANCH TEAM AND INDIVIDUAL COMPETITIONS**

(Does not apply at Area or Championships)

These Competitions should follow the principles of The Pony Club Show Jumping Rules.

Every Pony Club Show Jumping competition of any level should nominate an Official Steward.

This can be either the Organiser of the competition or someone nominated by the Organising Branch.

The Official Steward has absolute discretion to forbid the use of any bit, gadget or spur which they consider cruel or misused. The Official Steward can eliminate any competitor.

It is recommended that a Steward should be appointed to check the tack of each horse but the competitor remains responsible for complying with the rules for saddlery.

The size of the fences should be modified according to the age and ability of the competitors.

The first round should be relatively easy, but the fences should be raised for the second round.

## **29. THE COURSE**

**a) General:** It is recommended that a British Show Jumping Panel Course Designer is used if possible.

It is important to use some 'fill-in material' so that the fences look inviting. Hollow plastic poles are not allowed. All plastic covered poles must have a wooden core to ensure that they are the same weight as a painted timber pole.

**b) The Course:** If possible, the first two fences should be sited to be jumped towards the Collecting Ring.

One third to one half of the obstacles should be spreads and must include at least one square oxer.

**c) Distances:** Unless the competition class stipulates the height of pony the distances should be as for horses.

In a course designed for a mixed class (horses and ponies) it is important not to use difficult committed distances so that ponies can adjust their strides.

There should be no three stride distances anywhere in the course. There must be no less than five strides on the approach or following any combination, (either double or treble).

Except where the rules for the competition stipulate and there is a significant mix of sizes of ponies/horses, one or two double combinations instead of a double and a treble may be better suited to the competition.

When the second or third element of a double or treble combination is a spread, the distances must be as for two non-jumping strides.

**d) Safety Cups:** Safety Cups are now compulsory for all Pony Club Jumping Competitions. To be used on the back rails of spread fences and middle and back rails of triple bars. This will also include practice fences in the collecting ring. These cups must be in use at all times and must NOT be removed from the wing stands.

## **30. PLAN / INSPECTION / ACCESS**

**a) Plan:** A plan of the Course shall be displayed by the time the Course is ready for inspection showing:

- i.** The Course to be jumped and its length.
- ii.** The Time Allowed and the Time Limit.

**b) Inspection:** The Course shall be ready for inspection by Competitors a reasonable time before the start of the Competition.

**c) Access to the Ring:** Prior to the start of the Competition, no

competitor may enter or practise in the ring mounted.

### **31. PRACTICE FENCES**

- a)** Competitors must use only the practice fences provided in the exercise area.
- b)** The practice fences must be marked appropriately and must be jumped with red on the right and white on the left.
- c)** Practice fences may not be more than 10cm above the height, or exceed the spread, of the current round.
- d)** Practice fences shall be monitored and shall not be used when the Steward is absent. See particularly British Show Jumping Rule regarding Practice Fences.
- e)** Safety Cups must be used on the back rails of spread fences. These cups must be in use at all times and must NOT be removed from the wing stands.

### **32. EXERCISE**

- a)** Competitors must exercise their horse/pony in the area provided. Horses may not be exercised in the Car Park or Horsebox area or among spectators.
- b)** On the day of the Competition, horse/pony may only be ridden by the rider who is riding the horse/pony in the competition.
- c)** Lungeing of a horse is only permitted in areas designated by the organiser who may also prohibit it completely at their discretion. If allowed, lungeing may be carried out by either the rider or other persons. Lungeing of a horse and rider is prohibited.
- d)** Whilst exercising, warming up or competing, it is ONLY permissible to use the saddlery allowed under the rules.

- ▶ **First disobedience**

- ▶ **Second disobedience**

- ▶ **Error of Course**

- ▶ **Fall of Horse or Rider**  
Elimination
- ▶ **Exceeding the time limit**  
Elimination
- ▶ **Failing to jump the next fence within 45 secs.**  
Elimination

## 34. TIME FAULTS

One Time fault is incurred for each commenced second in excess of the time allowed. Failure to complete the Course within the Time Limit incurs Elimination. (NB Time Limit = twice time allowed).

## 35. TIMING

If possible, electronic timing should be used. If this is not available, two timekeepers with stop watches must be used. If the timing equipment permits, the 45-second countdown may be used according to British Show Jumping Rules. It should however be explained over the public address before starting and at intervals during the first round. If there is no countdown facility and the competitor does not start within 45 seconds, the clock will be started manually and the competitor must then start and complete the round within the Time Limit or be eliminated.

## 36. TIME PENALTIES

- a) Time penalties are incurred when an obstacle is displaced as a

result of a disobedience.

- b)** A displacement of any single obstacle or any subsequent part of any open or closed combination will incur the addition of 6 seconds.
- c)** Starting the clock following such displacement will be taken from take off or attempted take off.
- d)** Time penalties are added to the time taken to complete the round before the calculation of time faults.

### **37. FALLS**

- a)** At all Pony Club competitions and Championships, the first fall of a horse and/or rider will result in Elimination.
- b)** A horse is considered to have fallen when the shoulder and quarters on the same side touch the ground or touch the obstacle and the ground simultaneously.
- c)** A rider is considered to have fallen when there is separation between them and their horse which necessitates remounting or vaulting into the saddle.
- d)** A fall of horse and/or rider anywhere on the course, (including a fall after the starting bell but prior to going through the start and a fall during interrupted time), will always incur elimination in any competition.
- e)** After an elimination which has resulted from a fall of horse or rider, the rider must leave the arena dismounted. For training purposes (except at Regionals, Area Competitions and Championships) subject to being checked by the onsite first aid provider, competitors may return to the arena at a suitable time before the class is finished in order to jump another round "hors concours".

### **38. DISTURBING THE OBSTACLE AS A RESULT OF A DISOBEDIENCE**

- a)** A disobedience which disturbs the obstacle, including the displacement of a lower element, such that the obstacle must be re-erected and/or checked incurs a 6 second time penalty in addition to the faults and/or elimination incurred.
- b)** The bell is rung, and the clock is stopped immediately.
- c)** Penalties at Combinations – If there is a disobedience at obstacle

B or subsequent obstacles of a combination without disturbance of that obstacle and any of the previous obstacles have been disturbed and require re-erection or checking, the procedures for ringing the bell and stopping the clock in (b) must be applied.

**d)** The clock is restarted at the moment when the horse takes off or attempts to take off at the obstacle where the refusal occurred.

If a disobedience occurs at the second or subsequent part of a combination the clock is restarted when the horse takes off or attempts to take off at the first element of the combination.

**e)** Penalties for knockdowns are only incurred in respect of obstacles which are knocked down as a direct result of having been jumped in the correct order and provided the obstacle has started to fall before the competitor crossed the finishing line. Any other knockdown is not penalised.

**EXAMPLE:** A rider/horse knocks into and displaces a fence not being jumped, which has either already been jumped, is still to be jumped or is not part of the course. If the fence is still to be jumped or is impeding the safe jumping of another fence the Judge will ring the bell to stop the rider, and the clock, at an appropriate place to allow the fence to be rebuilt without penalty. After the restart bell the clock will restart when the rider/horse passes the place where they were stopped.

Before leaving the arena after being eliminated as a result of a third refusal or run out, the competitor may take up to two attempts to jump any single obstacle in the arena in the direction as indicated on the course plan. After a fall or horse fall a rider must leave the arena dismounted.

## **39. ADJUSTMENT OF SADDLERY, DRESS AND OUTSIDE ASSISTANCE**

Jumping or attempting to jump any obstacle or passing through the finish without a hat, or with the chin strap incorrectly fastened incurs elimination unless the Judge decides that the competitor was so far committed to jumping the obstacle at the moment when the chin strap came undone that he could not be expected to pull up before attempting the obstacle.

In the case of adjustment to hat, chin strap, or saddlery becoming necessary during the round, for safety reasons outside assistance may be given. The clock will NOT be stopped, and faults will be given as for a resistance (ceasing to go forward). If it becomes necessary for the rider to dismount, the rider will be eliminated.

## 40. JURY OF APPEAL

**Area Competitions:** The Jury shall consist of the Official Steward, one of the Judges and the Organiser.

**The Championships:** The Jury shall consist of the Official Steward, one of the Judges and such Members of the Show Jumping Committee as are present.

At least three members of the Jury of Appeal must remain on the ground until half an hour after the scores have been published. The Official Steward may appoint a replacement for any member of the Jury if the need arises.

## 41. PROTESTS OR OBJECTIONS

Apart from the Official Steward, the Area Representative and Officials of the Competition, only District Commissioners or their appointed representatives are entitled to lodge protests or objections. Protests must be made in writing and addressed to the Organiser of the Area Competition or Secretary of the Championships. They must be accompanied by a deposit, £50 at Area level and the Championships, which is forfeit unless the Jury of Appeal decides that there were good and reasonable grounds for the objection.

Protests or objections must be made not later than half an hour after the happening which gives rise to them or half an hour after the scores have been published. The Official Steward shall give his/ her decision in the first instance.

If this is not accepted, the Jury of Appeal shall give their decision after investigation and this decision is final.

Should a breach of eligibility subsequently be discovered, then the Sport Committee may disqualify the offending team or individual.

If said individual was a Member of a qualifying team and their score contributed to the qualification the team will be disqualified unless the qualification holds up using the discard score.

## 42. BRANCH/CENTRE REPRESENTATIVES

If the District Commissioner/Centre Proprietor of a competing Team is unable to be present at the competition he or she must inform the Organiser of the Area Competition or Secretary of the Championships, in writing, of the name of the person appointed to be his or her representative. The Representative must carry with him a copy of the District Commissioner

letter of appointment.

### **43. OFFICIAL STEWARD**

An Official Steward for each Area Competition and for the Championships should be appointed who will contact the Organiser prior to the event to offer help/advice. They shall be responsible for inspecting and approving the course in conjunction with the BS Judge before it is shown to the riders. They are authorised to insist on alterations being made if, in their opinion, the course is not in all respects within the limits laid down in the Rules or is unsuitable for the Competition. They have absolute discretion to forbid the use of any bit or gadget which they consider cruel and shall adjudicate on any unforeseen eventualities.

They shall be present on the day of the Competition, to ensure that it is conducted in accordance with the Rules and to give what help and guidance may be required. They should satisfy themselves that the Medical and Veterinary arrangements are in accordance with the rules.

They are responsible for ensuring that the final results sheet is completed and signed. They shall not be given any other duty at the Competition.

At a competition running multiple rings the organiser may also appoint assistant stewards for the Official Steward. They will be briefed by the Official Steward at the start of the day and must be responsible for no more than two rings each. The assistant stewards must immediately report any incident to the Official Steward so that they can take further action. The assistant stewards may undertake another role such as manning the ring entrance or commentating but in this case they must only be given responsibility for stewarding the ring where they are working. Only the Official Steward is authorised to issue instructions or take decisions about the rules or the running of the event, the assistant stewards' role is to report to the Official Steward.

Official Stewards will retire from the Panel at 85 years of age.

### **44. MEDICAL AND VETERINARY**

**a) Medical** – for further details please see the Health and Safety Rule Book or go to [pcuk.org](http://pcuk.org).

**b) Veterinary**

**Branch Activities and Competitions** – If a vet is required the member's parent will normally call their own vet and arrange treatment.

**Area** – Arrangements should be made for a Veterinary Surgeon to be 'on call' and able to attend the site in a reasonable time. The telephone number should be noted in the Secretary's Tent.

The Veterinary Surgeon and medical personnel and the Ambulance are best situated near Control/the ring.

A tarpaulin should be available to cover a horse should one be killed, and the telephone number for the local horse disposal noted in the Secretary's Tent. See the Health and Safety Rule Book for further information.

**c) Vaccinations** – refer to Rule 15.

## **45. RING STEWARDS**

Organisers shall appoint stewards for the following purposes.

- a)** To send competitors into the ring.
- b)** To check saddlery and dress they should be provided with gloves and disinfectant so that they may check the bits more thoroughly.
- c)** To watch the practice fences.
- d)** To send competitors to the Turnout Judges and to assist the Turnout Judges if required.

## **46. TURNOUT COMPETITIONS**

- a)** Organisers of Area Competitions may hold Turnout Competitions.
- b)** Competitors shall be judged individually in the Collecting Ring before their first round and must report as a Team at least 30 minutes before the time they are scheduled to jump. A parade may be held before the second round at the discretion of the Organiser, or if the Judges wish to see Teams together in order to obtain a result.

Uniformity of turnout within the team does not in itself earn extra marks.

- c)** Riders and ponies shall appear for judging in the clothing and saddlery in which they are competing and these shall not be changed thereafter without reference to the Official Steward.
- d)** Neither the Official Steward nor the Judges shall be asked to judge this competition.
- e)** The Turnout Judges shall be genuine Pony Club workers with a

clear and experienced knowledge of the standard required.

**f)** Only Judges whose own turnout is beyond reproach should be appointed.

## **47. EXPLANATION OF HORSEMANSHIP AWARD JUDGING (PC110 and PC100)**

The Horsemanship Competition is an attempt to reward riders who show ability, talent and effectiveness. They will not necessarily have the best horses/ponies. Each rider is judged during the PC110 and PC100 Team and Individual Show Jumping Championships. The winners will be those who give their horses/ponies the greatest chance to jump a clear round by:

- a)** Maintaining rhythm and balance.
- b)** Intervening only when necessary to keep the horse/pony's attention and to help them to arrive on a good stride for the fence with sufficient impulsion to jump it easily.
- c)** Giving their mounts the confidence to jump in a settled, supple way by sitting in an independent position (not dependent on the reins) and with an effective leg position at all times on the flat and while jumping.
- d)** Riding good lines and corners – showing correct use of the arena space.

The round should appear purposeful and harmonious.

Judging begins the moment the rider enters the ring (preparation for the round), continues throughout the round and finishes when the rider leaves the ring – the Judges noting whether or not the horse/pony was improved or not as a result of the round.

Riders are judged individually. For team awards, the total marks of all four riders are counted. For teams of three the average mark of the three is taken and added on as the fourth score.
