

## **Body Protector Rule (No changes for 2026)**

A body protector is compulsory for all Pony Club Cross Country riding (including Arena Eventing) and Pony Racing activities whether it be training or competition. A body protector for these activities must meet BETA 2018 Level 3 Standard (blue and black label).

For general use, the responsibility for choosing body protectors and the decision as to their use must rest with Members and their parents. It is recommended that a rider's body protector should not be more than 2% of their body weight. When worn, body protectors must fit correctly, be comfortable and must not restrict movement. BETA recommends body protectors are replaced at least every three to five years, after which the impact absorption properties of the foam may have started to decline.

## **Air Jackets**

If a rider chooses to wear an air jacket in Cross country or Pony Racing, it must only be used in addition with a normal body protector which meets BETA 2018 Level 3 standard (blue and black label). Parents and Members must be aware that riders may be permitted to continue after a fall in both competitions and training rides for Cross Country and / or Pony Racing if the First Aid provider has no concerns about their welfare. In the event of a fall, an air jacket must be fully deflated or removed before continuing, the conventional body protector must continue to be worn. Air jackets must not be worn under a jacket. Number bibs should be fitted over the air jacket loosely or with elasticised fastenings.
