

Pony Club Polo – Training Grants

Pony Club Polo is very fortunate to have access to Training Grants with support from the Treves family and The Polo Charity. Grants can be awarded under these two schemes based on first come first served for applications that qualify.

Coach registrations and the eligibility of the members will be checked.

Martin Treves Training Grant

A generous donation has been made by Emma Treves to support the development and growth of youth polo through training and taster days. Emma's father, Martin Treves, was an amateur player who played on ponies he trained himself and Emma is keen to encourage youngsters to play on their Pony Club ponies. This grant is therefore for members who intend playing Jorrock or Handley Cross on their own ponies and may be claimed for as many seasons as they play Handley Cross or Jorrock.

The Polo Charity Grant

A generous donation has been made by the Polo Charity towards the cost of training players. This grant is available to members on Polo ponies and may be claimed for as many seasons as they play PC Polo.
